HANDMADE *with* LOVE

Sweet
by Nature

Our Story

AS A TEAM OF PASSIONATE FOODIES, OUR MISSION IS QUITE SIMPLE. WE LOVE TO BAKE GREAT CAKES.

It all began back in 1990 when Megan had a dream to create THE best chocolate chip cookie. Today Sweet by Nature is home to some of the best cakes in Melbourne, all baked with the same love and pride that sparked the company all those years ago.

We believe in baking with premium quality ingredients. The result is a delicious range of wholesale cakes that have earned a reputation as being amongst Melbourne's finest. All of our cakes and sweet treats are handmade with real ingredients; unsalted butter, fresh eggs, dairy cream and market fresh fruits. We don't believe in artificial - no margarines, no premixes and no preservatives.

Our team of pastry chefs and industry professionals are all passionate about quality, and it shows in our amazing range. Sweet by Nature. Handmade with love, from our kitchen to yours.

GST

GST (Goods & Services Tax) is applicable to all products in this brochure. Wholesale pricing is supplied ex GST and this tax (currently 10%) will be added to invoices. Retail pricing includes the GST. Please refer to your pricelist.

ALLERGEN WARNINGS

Due to allergen declarations on raw ingredients used, there may be traces of tree nuts, peanuts, egg, soy or wheat product in ALL of our products. Whilst we take care to follow strict guidelines when making nut free or gluten free lines, these products are made in the same kitchen where wheat, nut and other potential allergens are handled so cross contamination may occur. We offer our ingredient information as a guide only and advise that you consult your medical advisor for advice on dietary requirements.

STORAGE RECOMMENDATIONS

It is recommended that all cakes be stored at 3°C to 5°C. Most products will present better if brought to room temperature prior to serving. Any syrup lines and most chocolate lines are delicious if heated.

MUFFINS - are great if microwaved for 10 to 30 seconds and served with butter and can be held at room temperature.

BISCUITS/COOKIES/BROOKIES - should be kept at 15 - 20°C and out of direct heat or sunlight. Brookies and most biscuits can be stored refrigerated, please check the brochure fold out for more info.

MACARONS - are best kept refrigerated or frozen; we recommend displaying them on the top shelf of your display fridge as the temperature will be slightly warmer which will suit macarons. Shelf life on macarons: 3 days ambient, 5 days refrigerated, 3 months frozen.

AMBIENT SERVICE

Some of our products are able to be served at ambient temperature. Those indicated as ambient may be considered as suitable to hold at ambient during service. We recommend all products to be stored refrigerated at 3°C - 5°C and all use by dates are calculated as at refrigerated storage, therefore choosing to hold at ambient will reduce the shelf life of your product.

PORTIONING CAKES

It is recommended that cakes be cut with a serrated knife warmed in hot water and dried before use (a jug of hot water will do the trick!).

SALE TERMS & CONDITIONS

Prices are subject to change without notice according to market conditions. Sales are strictly prepaid or account by arrangement.
